

WELCOME IN OUR NEW MOBILE HOMES!

The mobile home - or "bungalow" in case we are referring to the ones equipped for disabled people - is available starting **from 4 pm on the arrival day** and must be left **before 10 am** on the departure day.

Please observe daily rest from 1 pm to 3 pm and during the night, from 11 pm to 7 am. For common respect, please avoid any annoying noise or too loud music during the rest times above mentioned.

We beg you absolutely not to use the beds without the necessary linen, and not to leave any garbage inside the mobile home and to leave the rooms clean and tidy, as they have been handed over at arrival.

Pots and crockery must be washed and put back in the cupboards; the eventually rented linen must be gathered and left on the bathroom floor.

Every possible damage has to be immediately communicated at the reception. Price includes: car parking place, hot water, electricity, gas, entry in the swimming pool in the foreseen opening period (15.06-15.09)

Two of the 15 mobile homes are "bungalows", i.e. they are equipped for disabled people on a wheelchair. They have larger doors, bigger rooms, an equipped shower and a ramp instead of stairs.

DAILY CLEANING:	not available
FINAL CLEANING:	compulsory (€ 35,00)
BATH LINEN AND TOWELS:	not available
BED LINEN:	on request (€ 8,00 per person / each change)

PETS are not allowed.

SMOKING inside the bungalow/mobile home IS'T STRICKLY FORBIDDEN!

Air conditioning works thanks to a specific key which is handed in at the check in. This key is locked to the entrance key, so when you leave the mobile home you are forced to switch the air con off. Thanks for your help in avoiding energy waste and pollution!

Have a nice stay!
